Active, nature, recreational and sports tourism

Untouched nature of Smiltene municipality, as well as whole Latvia's nature is one of the values that the local residents are proud of, but guests – appreciate. Smiltene municipality is one of the most forested municipalities in Latvia. Because of the rich forest resources and the vast rural areas, Smiltene municipality could be classified as „green” municipality, which is the basis of active, nature, recreational and sports tourism development.

Surrounding forests of Smiltene are rich with berries and mushrooms. No berries, mushrooms or nuts, that are bought in a shop or a market, are as tasty as those, which are gathered by ourselves. Local residents are convinced about that, therefore, mushroom and berry picking has become an exciting leisure activity for families in the nature.

Forest is the place where you have the opportunity not only to enjoy nature, but also actively relax during all seasons. The wide, flat, easily passable surrounding roads of Smiltene, as well as mountainous, sandy and in some places even marshy forest tracks are suitable for cycling, both - athletic trainings and competitions, and for recreation and enjoyment of nature. There has been created approximately 32 kilometers long route with different length and difficulty level marked cycling trails in Smiltene and it's surrounding area, which made Smiltene one of the most popular cycling towns. These trails are also suitable for Nordic walking from spring to autumn, but in the winter there is a ski slope. The trail runs along many interesting sights and recreation places.

Forests are also favored by representatives of one of the most popular and beloved sport in Latvia – orienteering, also called the real national sport, both for training purposes and for local and international races.

1 Recreation and Sports Complex Teperis

GPS [57.42996, 25.92122]

Lake „Teperis” was created by blocking a river called „Abuls”. The picturesque area of the lake is a popular recreation place not only for local people but also for visitors of the town. There are facilitated places for resting and swimming, four sand volleyball courts, stadium for football and track and field athletics, autocross and karting track, outdoor hockey rink, two tennis courts and outdoor fitness equipment.

2 Latvian State Forest Recreation Area „Lake „Niedrājs” and surrounding area”, cycling trails of Smiltene
